Hello Alexa, and Mr. McGuire,

It has been 12 days, and 5 days past last Friday -the date Mr. McGuire stated to Mr. Ordower, that you would get us my father's Oppenheimer accounts financials in an Excel Spreadsheet. As well as breaking down the discovery already provided into 30 MB files.

Would you kindly provide the reason for the delay and a new timeline you will commit to getting

these things done? Thank you again for this.

Because you have not complied with the discovery requests detailed at the preconference hearing I am forced to submit the attached motion to compel complete discovery (which I have uploaded to our FINRA portal) which is the refined discovery request based on "*Note: We are not seeking communications protected by attorney-client privilege between Oppenheimer staff and legal counsel. We seek only non-privileged communications and documentation related to the management of Mr. Weiner's wealth management accounts and the investigation of the breach of fiduciary duty, as well as the fraudulent misrepresentation and failure to supervise at the Oppenheimer complaint level.*"

As requested, please make sure to create a separate folder, so they are not mixed in with the previous discovery, when providing the outstanding discovery items clearly listed in the attached request. And as agreed, please provide this discovery in files no larger than 30 MB. Thank you again for these considerations.

Pursuant to [applicable rules, e.g., FRCP 26, 33, 34, and 36], attached you may find our latest Set of Interrogatories, Requests for Production of Documents, and Requests for Admission directed to Defendant Oppenheimer from our latest pre-hearing conference.

These discovery demands are being served electronically in accordance with our FINRA Case No. 24-02286.
